

Volunteer Opportunities

Events Committee:

The events committee is responsible for the preparation for and planning of events. They will assist in the many nuances of events such as staffing choices, venue locating, and much more.

Membership Committee:

The membership committee is responsible for keeping track of current members as well as attracting new ones. They will craft a network of individuals in order to further promote the council and invite in new members. They will also create strategies for ensuring engagement among current members.

Marketing Committee:

The marketing committee is responsible for creating awareness of the work done by the Energy Diversity & Inclusion Council. They promote events, draft marketing campaigns, and create advertising and social media content for the council and council events.

Women's Committee:

The women's committee is responsible for ensuring that women are intentionally and fully included in the industry. They will focus on ensuring that women are included, advocated for, and heard throughout the energy industry.

Program Committee:

The program committee is responsible for all programs run by the council. They will determine logistics such as timing, location, staffing, and scope of all programs run by the council.

ERG/BRG Committee:

The ERG/BRG Committee is responsible for integrating ERG/BRGs into the council. ERGs are powerful sources of information, insight, and change, and the council fully intends to integrate their work. The committee will coordinate

collaboration with ERG/BRGs and collect data for future initiatives.

CEO Committee:

The CEO Committee is responsible for initiating change from the top. The committee will be a place for CEOs to gather and discuss meaningful, sustainable change in the industry, so that they and the council can put initiatives in motion.

Volunteer Committee:

The volunteer committee is responsible for onboarding new volunteers. They will introduce newcomers to committees and connect with them with their collaborators.

Scorecard Committee:

The scorecard committee is responsible for collection of data regarding the EDIC scorecard. They will collaborate with energy companies to collect data regarding their demographics to use for the publishing of the scorecard.

Advocacy Committee

The advocacy committee is responsible for crafting strategies for how the organization can best advocate for D&I externally. They will collaborate with the community to extend outreach beyond our group.

Recognition Committee

The recognition committee is responsible for determining awards that will be given by the organization as well as the researching potential awardees. They will also set the criteria for recognition and take nominations for awardees.

****Please note that other committees will be added based on the suggestion of our members and volunteers.**
